

AVA collection

Design by Carlos Tiscar

Ava is a collection of chairs and armchairs with a versatile and timeless design. Solid beech wood frame. The beveled legs create a visual effect of lightness by playing with the volumetry depending on the angle from which it is viewed. The backrest and seat are upholstered and adapt to the shapes of the body to provide great comfort.

Ideal for projects that require a durable and resistant chair such as hotels, restaurants, home.

Made with PEFC sustainable wood and easily recycled.
