

A new armchair and a new lounge enrich the step family.

Inspired by the Classics and read.

The organic shape shell is made of a self-supporting frame, injected with coloured integral foam called "soft touch". The shell fits the body shape offering a pleasant sensation of softness which gives the seating the utmost comfort. Beside the attractive 4-leg base in metal or with elegant wooden legs in American Walnut or oak, step is also available with cantilever base and central column base in lacquered die cast aluminium.
