

CONCORD collection

Design by Claesson Koivisto Rune

Inspired by the wonderful layers of the earth's atmosphere, those that can sometimes be seen at sunset or from an airplane.

The main feature of the Concord collection is its horizontal division into layers. The legs, support frame, seat, lower backrest/armrest, and upper backrest represent separate visual levels.

The Concord collection comprises a large number of variants based on the basic structure made up of one, two or three horizontal pieces of curved plywood that are combined in different sizes and finishes: upholstered, exposed wood or mixed combinations.

The base is available in different configurations, including beech or oak wood bases or aluminum bases. Perfect for residential use, restaurants, work spaces or common areas.

CONCORD collection

Chair

522UM
Upholstered chair with beech or oak wood base

522WM
Semi upholstered chair with beech wood or oak base and backrest

522UD
Upholstered chair with aluminium base

522WD
Upholstered chair with beech wood or oak backrest and aluminium base

522UDR
Upholstered chair with aluminium base fitted with castor wheels

522WDR
Semi upholstered chair with aluminium base fitted with castor wheels
