

CAPITA collection

Design by Fiorenzo Dorigo

Elegant and versatile, Capita is a wide beech chair, which reclaims its space almost as if it were an armchair, and at the same time, has a light and warm appearance, thanks to the joinery work and its fine seat, which seems to float above the structure.

Composed of chair and armchair with footrest. With a PEFC sustainable solid wood structure, smooth contours with ergonomic seat and backrest that provide high comfort and durability.

Due to its design, it works well alone or combined, either at home and in hotels, restaurants or common areas.
