

ULIS collection

Design by Sebastian Herkner

The design of the Ulis Lounge adapts to both residential and contract spaces. Sebastian Herkner defines it as his idea of a modern comfort. The soft aesthetic formed to wrap and embrace, guarantees a comfortable and a reclining position at the same time, and make this product space friendly and welcoming. The legs can be made of black metallic tube or a rotating central foot, which combines metal and oak. It is available in two heights.
