

REVER

EN

Designed by Mario Ruiz, REVER is an elegant, timeless and very comfortable armchair, capable of working as a key piece in the work space, improving concentration with its superlative comfort and, at the same time, coexisting in the domestic space as an essential element in the construction of a peaceful interior, with character and very welcoming. Made of quality materials, the REVER collection includes lounge chairs, available in two back heights, which can also be combined with a matching ottoman.

FR

Conçu par Mario Ruiz, REVER est un fauteuil élégant, intemporel et très confortable, capable de fonctionner comme une pièce maîtresse dans l'espace de travail, accompagnant et améliorant la concentration grâce à son confort superlatif et, en même temps, coexistant dans l'espace domestique comme un élément essentiel dans la construction d'un intérieur paisible, avec du caractère et très accueillant. Réalisée avec des matériaux de qualité, la collection REVER comprend des chaises longues, disponibles en deux hauteurs de dossier, qui peuvent également être combinées avec un repose-pieds assorti.

THE COLLECTION

REVER

EN

The REVER armchairs are available with two backrest heights and three versions of the outer shell: fully upholstered, oak or walnut veneer. The four-spoke aluminum swivel base with self-return is available in a white, black or polished aluminum finish. The high armchairs include a height- and tilt-adjustable headrest and are available with a fixed or reclining backrest that can be locked in any position.

These characteristics make REVER a very versatile piece that can be transformed depending on the shell, the height of the backrest, the color of the base or the movement functions.

Les fauteuils REVER sont disponibles avec deux hauteurs de dossier et trois versions de la coque extérieure : entièrement tapissée, en chêne ou en placage de noyer. Le piètement pivotant à quatre branches en aluminium avec retour automatique est disponible en blanc, noir ou aluminium poli. Les fauteuils hauts comprennent un ppui-tête réglable en hauteur et en inclinaison et sont disponibles avec un dossier fixe ou inclinable avec blocage dans n'importe quelle position. Ces caractéristiques font de REVER une pièce très polyvalente qui se transforme en fonction de la coque, de la hauteur du dossier, de la couleur de la base ou des fonctions de mouvement.

Mario Ruiz

Graduated in Industrial Design from the Elisava School of Design and Engineering in Barcelona, Mario Ruiz's designs stand out for their discretion and their simple and understandable shapes. They integrate in any space never being out of place. In 1995 he founded Mario Ruiz Design studio, dedicated to furniture, lighting and office design, as well as the design and development of industrial products and technology. His extensive experience stands out for its multidisciplinary nature and international projection, which has allowed him to work in different sectors for more than 120 companies around the world. He has received more than 50 awards in Europe and the United States, including several Wallpaper Awards, Red Dot, IF, Best of Neocon, Design Plus and Good Design. His work has starred in individual exhibitions such as the monographic one organized by the Instituto Cervantes in Milan during the Salone del Mobile 2018 or the one dedicated to him by the Hábitat Valencia 2018 Fair. In 2016 he received the National Design Award, awarded by the King of Spain, Felipe VI and the Ministry of Economy.
