## WHAT IS LONGO?

Longo is a modular system consisting of sofas, operative and managerial desks, with storage solutions (cabinets, libraries) , accessories and sound absorbing panels which incorporate decorative accessories and items that inspire a cheerful environment.

The configuration of Longo stems from a solid extruded aluminium structure on which we attach the cast iron legs and endless possibilities to achieve the desired environment, always maintaining a unitary visual concept.

Longo enables more friendly, open and relaxed environments, where formal structures and dynamic spaces thrive to create a harmonious environment.
