TALENT

ALEGRE
DESIGN

www.alegredesign.es

Talent was created to consolidate a single solution that met all the arising needs in spaces that aim to motivate critical thinking, innovation and the transfer of knowledge in a much more active, fun and creative way.

TALENT

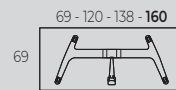

CULTURAL TRANSFORMATION IS PROMOTED BY MEANS OF THE FLEXIBILITY OF THE SPACES.

SERIE 500

TALENT IS UNIQUE ON THE MARKET BY INTRODUCING A HIGH TECHNICAL PERFORMANCE TABLE IN TRAINING SPACES.

Adjustable, mobile and folding tables that have been designed for the customization of spaces and the application of learning methods based on practical intelligence.

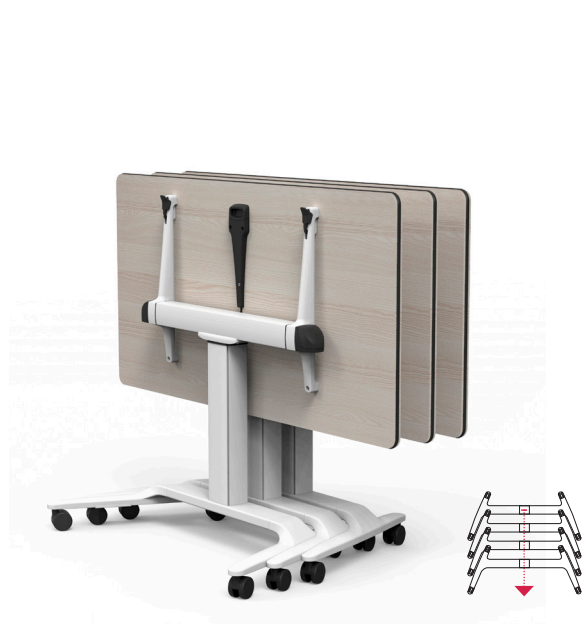

SERIE 500

The talent 500 lifting system does not require an electrical connection. The height of the table can be regulated by means of an easy-to-use gas piston. This makes it possible to work standing up without the need for nearby power outlets.

SERIE 500

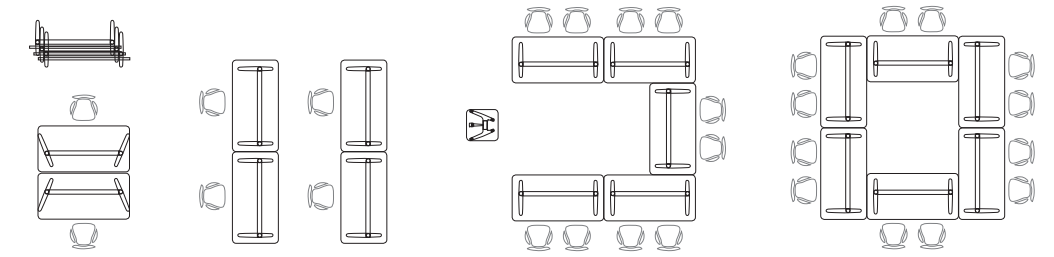

Talent is made from a very resistant aluminium structure and a melamine surface with rounded corners and rubber edges to prevent injuries. Furthermore, it has a stand format, as well as the possibility of choosing surfaces that can be written on.

SERIE 300

PRACTICAL INTELLIGENCE.

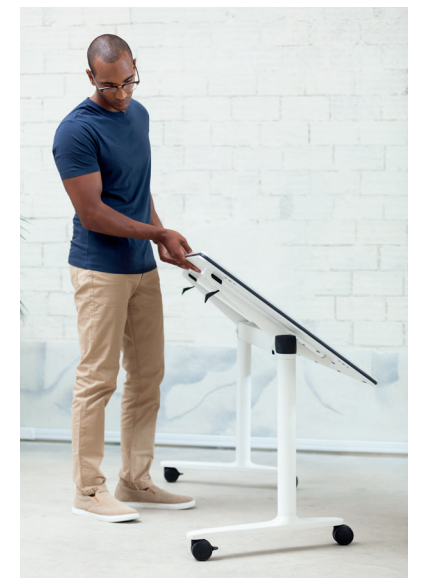

TALENT 300 is a compact, folding, and mobile desking system which is perfect for flexible, changing areas where space is yet another tool for promoting concentration, participation, and the flow of ideas.

SERIE 300

For ease of maintenance and storage, Talent is stackable. The aluminium legs are designed to allow several users to work without disturbance or discomfort.

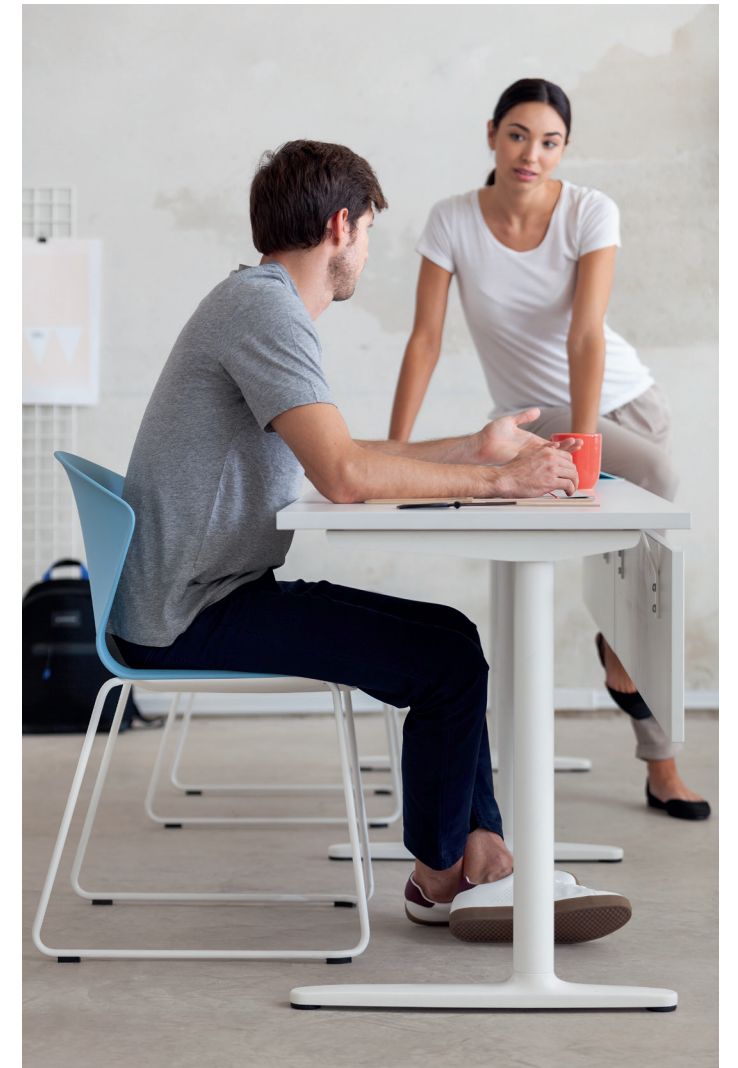

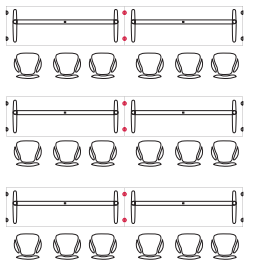

TALENT. Designed by AlegreDesign

SERIE 100

THE TALENT 100 MODEL IS PERFECT FOR TRAINING SPACES AND EDUCATIONAL CENTRES.

They are fixed and compact tables which are 74 cm high, with a melamine surface and a steel and aluminium structure. They can be complemented with cable access grommets, flaps and have anti-slip levellers to prevent vibrations.

TALENT SERIES

Talent responds to varying work styles: educational areas, multipurpose spaces, and operational areas promoting collaboration and individual working. The 500 series stands apart for providing mobile, folding, height adjustable, and stackable desking solutions in large sizes up to 160cm long.

TECHNICAL FEATURES

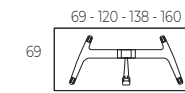

Información técnica
