CHOOSE THE MODULES AND ELEMENTS OF THE UPPER PART OF THE SOFA

The elements of the ESCALAS collection are manufactured in versions to occupy a right, left, Central or Single position on the structural frame.

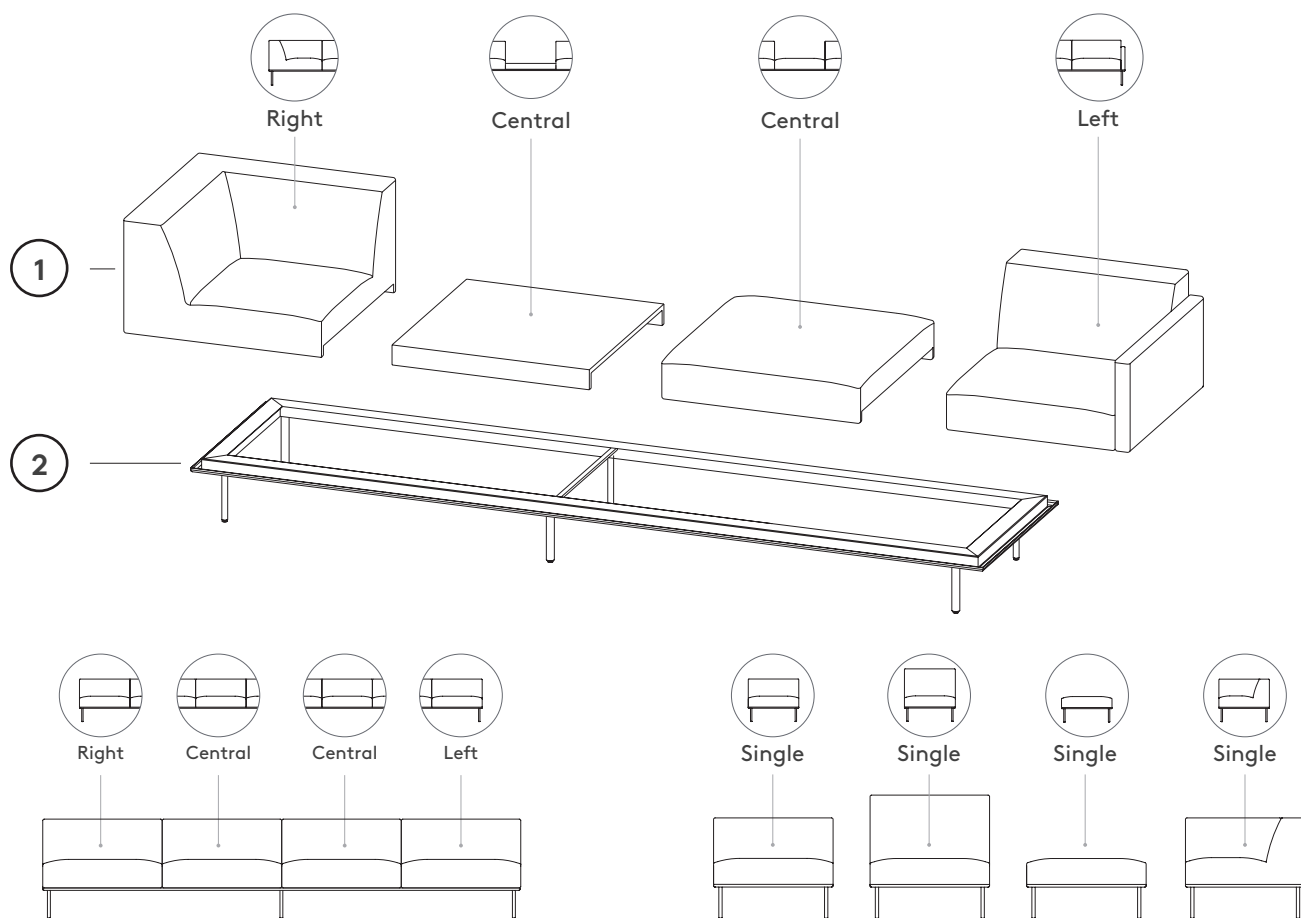

It is important to indicate the position of each element on the structural frame of the base.

In the price matrix, each element has a different code and an icon according to the position where it can be placed.

Remark: a left element cannot be assembled on the right or vice versa. An Central element cannot be placed on the side extremes.

The indicated position (right, left) takes as a reference a person sitting on the sofa.

Examples:

CHOOSE THE UPHOLSTERY MATERIAL OR THE FINISH FOR THE TABLETOP

Seat and arm modules: they can be upholstered in all the fabrics and leathers indicated in the finishes book.

Modules with plain upholstery: they can be upholstered in all the fabrics and leathers indicated in the finishes book.

The price matrix of each model shows the prices of the article in the different upholstery grades:

G2	G3	G4	G5	G6	G7	G10	G11
----	----	----	----	----	----	-----	-----

Upholstery with horizontal seams pattern: this option is available for some seat modules. It has a upcharge on the price of the plain upholstery.

Upholstery with quilted pattern: this upholstery option is available for some seat modules. It has a upcharge on the price of the plain upholstery.

Table modules: available in:

Oak
natural/stained

Walnut

CHOOSE THE SUITABLE FRAME STRUCTURE

Adding up the width of the different elements of your composition you will obtain the necessary frame measurement. The price indicated for the structural frames includes the necessary legs.

*For compositions larger than 360cm, structural frames can be joined with a Central leg.

CHOOSE THE FINISH OF THE STRUCTURAL FRAME AND LEGS

The price varies depending on the chosen finish.

The price matrix shows the price according to the different metal finishes:

Base
Colours M1
Colours M2

As an option, the metal legs can be replaced by wooden legs (check the number of legs of the frame (4 or 6) in order to choose the correct code)
