

# Arki-Table

## Art. ARK

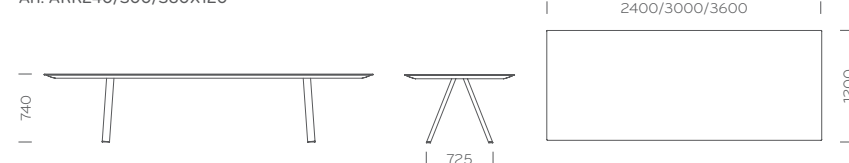

Lineare e rigoroso nel progetto, versatile nell'adattamento alle diverse situazioni. Il tavolo Arki-Table ha un ripiano ultrasottile in stratificato, le gambe a cavalletto in acciaio e un supporto in estruso di alluminio. Adatto sia per le sale meeting che per le sale da pranzo è disponibile nelle versioni full colour bianco o nero. A richiesta la versione del ripiano con la canalina per i cavi.

Clean and rigorous in the design project but versatile in its different applications. Arki-Table, solid laminate top, frame made of extruded aluminium, trestle steel legs. Arki-Table is suitable either for meeting areas or for restaurant halls. White or black full colour version available. Top available with cable management on request.

## Art. ARK

Arki-Table nella versione quadrata e tonda mantiene il ripiano ultrasottile e le caratteristiche gambe a cavalletto. Gambe in acciaio verniciato, profilo-cornice in estruso di alluminio e ripiano in stratificato.  
Arki-Table square and round version still keep the extremely thin tops and the peculiar structure with trestle legs. Lacquered steel legs, extruded aluminium frame and solid laminate top.
