

Introduction

en - With an architectural, pure and timeless aesthetic, PLANIA is a complete collection of transversal tables that blends performance, flexibility and design. The PLANIA table system offers both single top tables in a wide range of sizes and big modular tables with sectional tops of endless dimensions. The collection has broad customization possibilities to facilitate its integration in private, corporate or public spaces.

fr - Avec une esthétique architecturale, raffinée et intemporelle, PLANIA est une collection complète de tables transversales qui allie performance, flexibilité et design. Le système de tables PLANIA propose des tables à plateau simple dans une large gamme de tailles ainsi que de grandes tables modulaires avec des plateaux sectionnels de dimensions infinies. La collection dispose de larges possibilités de personnalisation pour faciliter son intégration dans des espaces résidentiels, collaboratifs ou de travail.

PLANIA TABLE

design – **INCLASS studio**

Collection

en - The PLANIA collection comprises a wide range of highly customizable versatile tables. The structural frame, made of extruded aluminum, supports the legs and the tabletops that can reach big lengths to fit any space or application. The legs are available in: solid oak, solid walnut or aluminum tube in a selection of colours. The tables can be produced in three heights 75cm, 90cm and 104cm. To expand the possibilities of use, the tables can be combined with a matching collection of benches and a wide range of practical accessories.

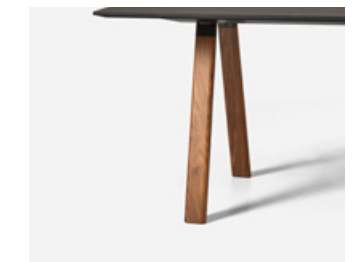

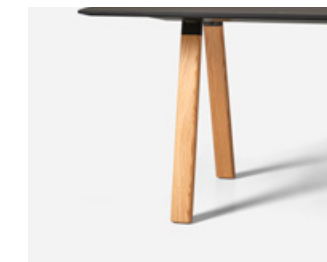

fr - La collection PLANIA comprend une large gamme de tables polyvalentes hautement personnalisables. Le cadre structurel, en aluminium extrudé, soutient les différents piètements et les plateaux qui peuvent atteindre de grandes longueurs pour s'adapter à n'importe quel espace ou application. Les piètements sont disponibles en: chêne et noyer massif ou en tube d'aluminium dans une sélection de couleurs. Les tables peuvent être produites en trois hauteurs 75cm, 90cm et 104cm. Pour élargir les possibilités d'utilisation, les tables peuvent être combinées avec une collection assortie de bancs et une large gamme d'accessoires pratiques.

en - FLEXIBLE DESIGN.
The tables are available with aluminium tube legs painted in a selection of colours or wooden legs in solid oak or walnut. All available in heights of 75cm, 90cm and 104cm.

BIG TABLES.
An sturdy structural aluminum frame allow,
single top tables up to 320cm or endless
modular tables with sectional top.

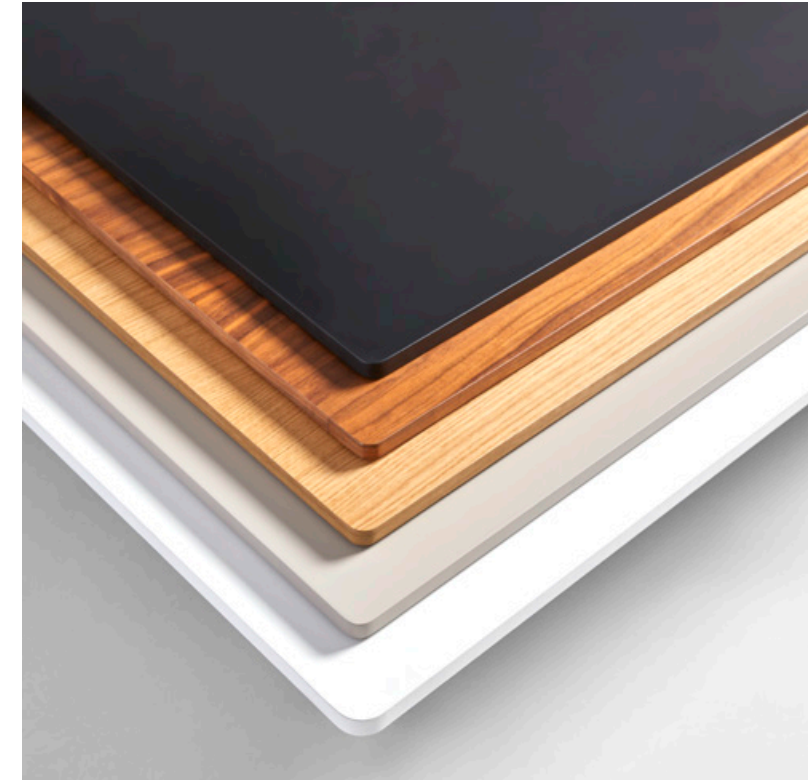

en - ROUND TABLES.
The collection includes round tables
in various sizes that are available with

Select the table top from a wide selection of standard sizes, materials and finishes, or ask for a bespoke top to have the perfect table for your space or project.

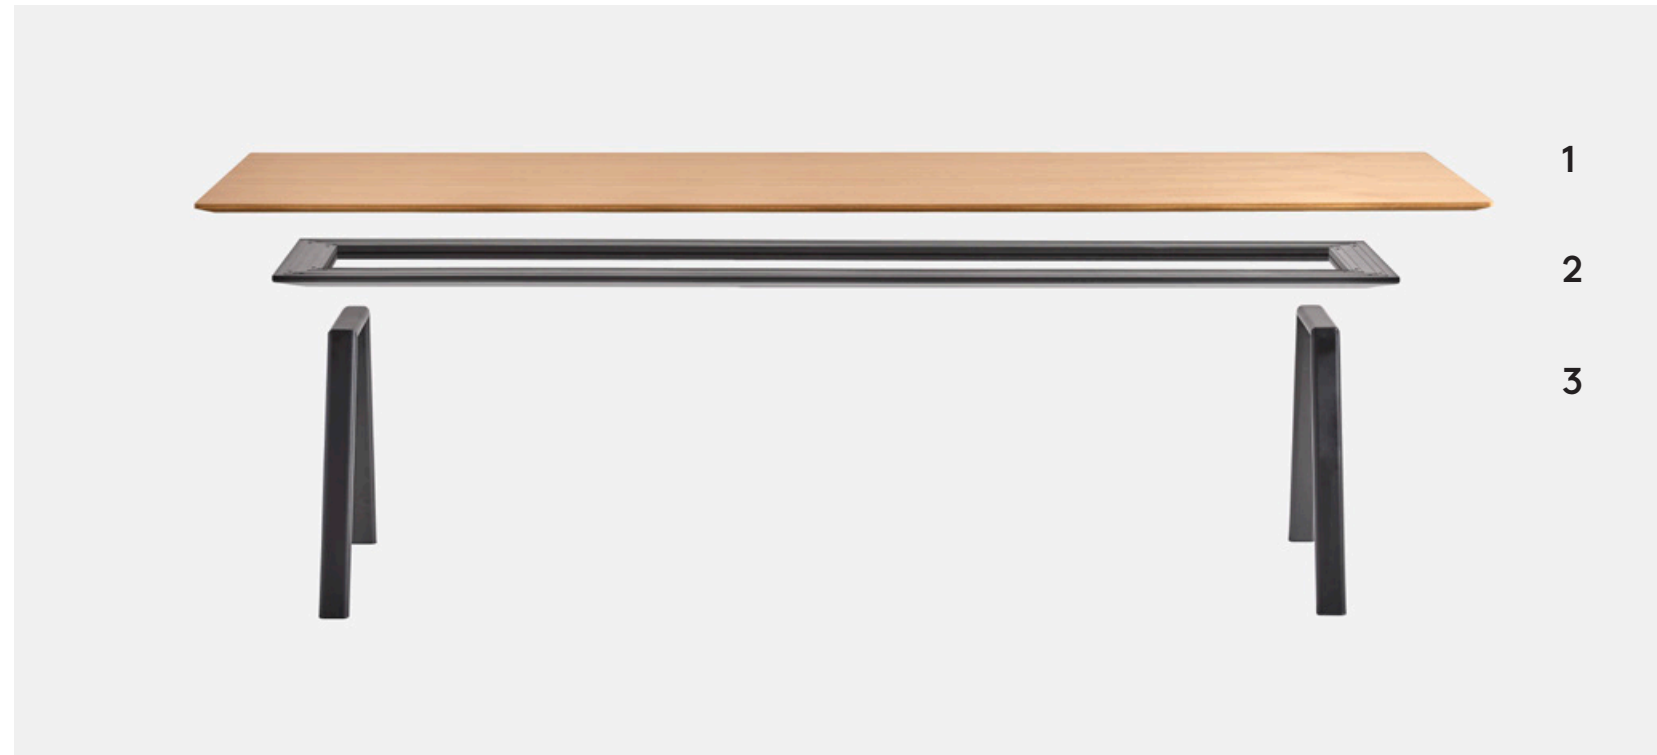

BENCHES.
To create collaborative environments that promote creativity and shared experiences, the PLANIA tables can be combined with a wide collection of matching benches.

FLEXIBLE DESIGN / DISEÑO FLEXIBLE

PLANIA tables are configured out of three components that offer wide customization possibilities:

1 . THE TABLETOP

The tabletops are available in a wide range of formats, materials and finishes.

2 . THE STRUCTURAL ALUMINUM FRAME

An sturdy structural frame, made of aluminium, supports the legs and tabletops allowing large tables to be built. The special structural profile, allows the legs to be positioned and fixed in any position while ensuring a very quick and easy assembly.

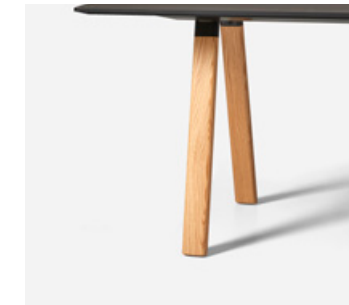

3 . THE LEGS

PLANIA tables are available with various types of legs: solid oak, solid walnut or aluminum tube in a selection of finishes. All legs are available for tables with heights of 75cm, 90cm and 104cm.
