

Mosaiko

Design

Alberto Lievore

Mosaiko is a collection of coffee tables which explores the theme of modularity: 5 coffee tables in different shapes and heights with a customizable table top, either aluminium or speckled aluminium. The coffee tables can be used stand-alone or in clusters - playing with their similarities or differences - and this makes it possible to put together your very own outdoor setting, whether in a residential or a contract setting, in complete freedom. The Mosaiko collection includes: coffee tables in various shapes and heights.
