

VITAL PLUS 300

After a job well done, it is time to recharge the batteries before starting the next one.

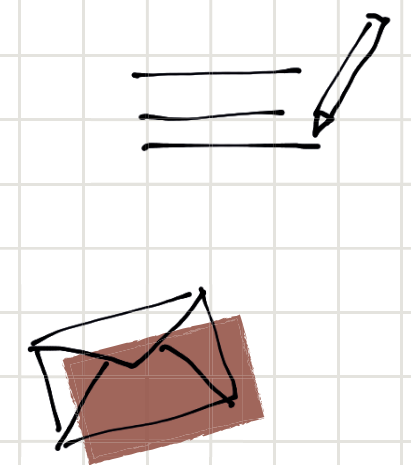

SUCCESS

VITAL PLUS 300

It's time to clear your mind and prepare for new challenges. The Vital Plus 300 tables support all the projects put on the table. The warmth of the wood and its contrast with the metal legs provide any space with a simple and modern touch. The different shapes with pyramid legs give off a very cozy feeling.
