

Billa Outdoor

design Claudio Avetta

Billa Outdoor is a contemporary reinterpretation of Billa indoor. Designed to adapt to any outdoor furniture project. With or without armrests, Billa Outdoor perfectly matches our tables, but especially our model Ponteggio. An optional seat cushion is available for added comfort. Billa Outdoor is perfectly balanced both physically and aesthetically. It is made of metal rod. The materials and design make it a perfect outdoor seat, but at the same time it also its best in indoor spaces.
