

ICS collection

Design by Fiorenzo Dorigo

A multi-purpose collection which emphasises the simple and sinuous design, materiality and attention to details.

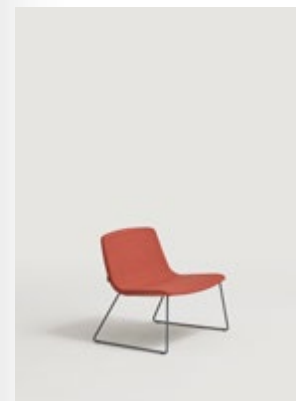

The endless upholstery options and the use of various materials for the bases, such as wood or metal legs, make ICS chairs appropriate for the home as for multi-purposes spaces, adapting them to any atmosphere.

ICS collection

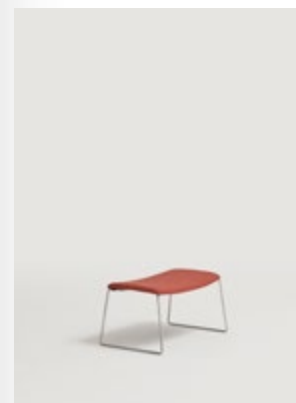

Lounge

507PTN

Lounge chair with sled base in powder-coated steel or chrome finishing
